Subject: CDE Meeting

Robby,

Since you've raised the issue of the **Ex. 7(A) - Int with enf.**, as part of our confidential settlement discussions. we would like you to bring along the settlement between CDE and **Ex. 7(A) - Int with enf.** and/or be prepared to discuss the terms of the settlement.

Also, we would like to take a look at the summary judgment motion to establish coverage under the Exxon policies (CDE's motion, Exxon's response, and the court's ruling). Could you provide those documents for us in advance of our meeting on December 9?

Thanks.

Sarah -- It doesn't look like CDE will be in a position to release preliminary financials, but I'm told that the auditors are still projecting the end of December for the release of the final 2010 financials. I'm also told that CDE had a better year in 2010 than 2009. We think we will still have plenty to discuss on December 9th even without those preliminary financials.

Best wishes on the holiday.

Robby,

Before I tell our financial analyst to go ahead, I thought I would check to see if there was any word on FY 2010.

Thanks

Sarah -- CDE's audited financials were not prepared last year until March, but they are hoping to have completed financials for fy 2010 by the end of December. CDE is checking to see if there is a balance sheet and income statement which is in good enough shape to give you now (although it will not have any of the footnotes). I'll let you know when I hear. One other issue which would be worth your confirming into before our meeting is that the State of NJ would be participating in any South Plainfield (and potentially Ex. 7(A) - Int with enf. settlement. Thanks.

Thanks Robby. We would like to update our analysis for the meeting on 12/9/10. If CDE doesn't have unaudited financial statements for the full year ending 8/31/10, partial would be better than nothing. However, if unaudited information for the year ending 8/31/10 will be available soon, we would hold off a bit before we begin the updating process.

Regards,

-Sarah

Sarah -- I'll check again but I thought I did ask my client for unaudited 2010 financials and was told there were none yet available.

Robby,

Thank you. We will think about what you've said with regard to the

Ex. 7(A) - Int with enf.

Ex. 7(A) - Int with enf.

I would like to point out that our November 4, 2010 letter included a third request, in addition to the two requests to which CDE has responded. I think the second and third requests were muddled because we failed to number the third request. The second request was for audited financial statements for the fiscal year ending on August 31, 2009. Our third request was meant to address the fiscal year ending on August 31, 2010, for which we seek unaudited financial data including income statements, balance sheets, and statements of cash flow. (We are assuming that audited financials are not available yet for the FY ending August 31, 2010.)

I apologize for the confusing wording of the letter. Could you please enquire into what unaudited financial information CDE could provide (on a confidential basis)?

Thank you.

Confidential -- For Settlement Purposes Only

Sarah -- I attach CDE's response to your request for updated financial information (which includes on a confidential basis copies of CDE's 2009 audited financial statement and federal tax return).

In thinking further about our recent settlement conversation, it seems clear to me that any settlement to be viable will need directly or indirectly to address the Ex. 7(A) - Int with enf. (and other sites). It would be helpful if you could reach out to the Ex. 7(A) - Int with enf. team at EPA in advance of our December 9th meeting to get their views on whether we could fold that Site into any settlement. Thanks.

If you have any questions about this email or attachment, please don't hesitate to call Jon Ettinger or me.

Robby Sanoff
